Melos® Granules

# COLOUR OVERVIEW

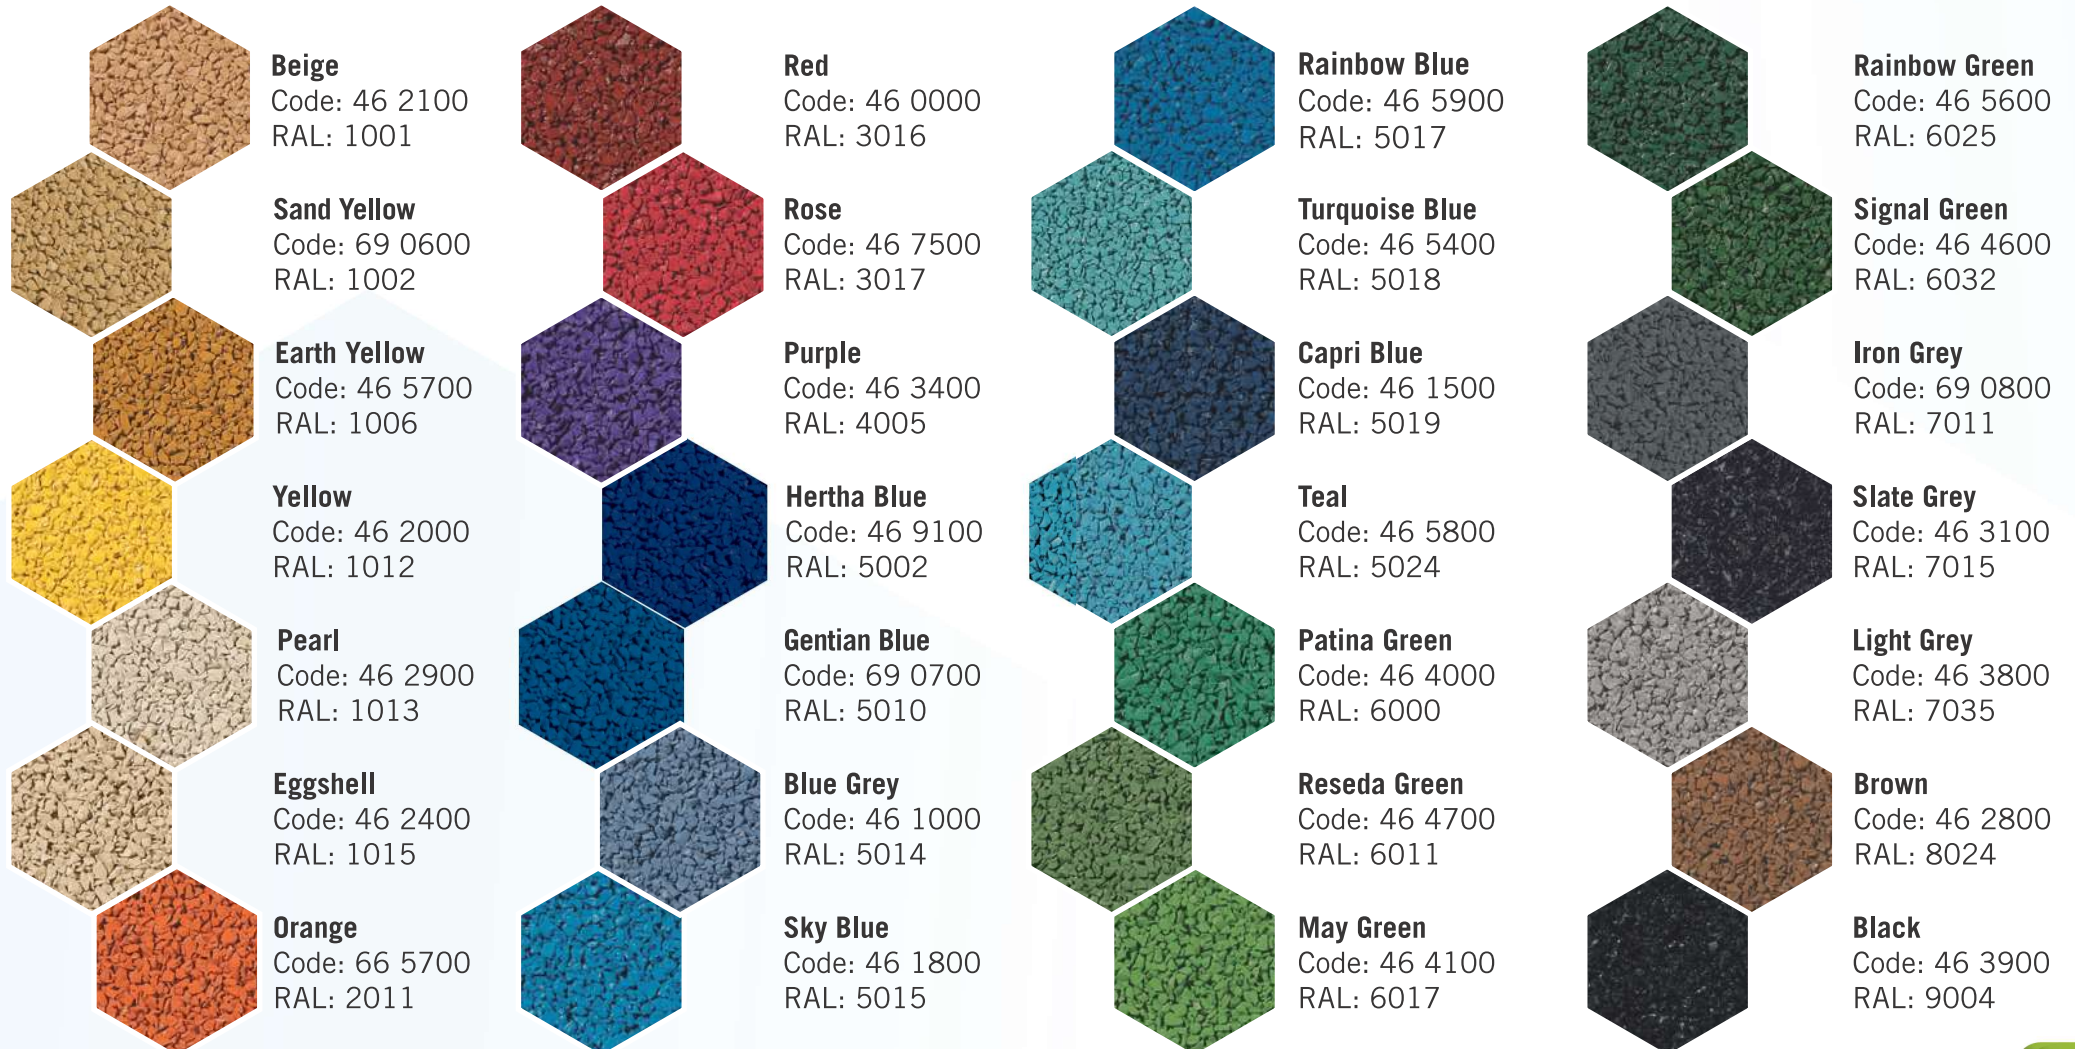

STANDARD COLOURS | SPECIAL COLOURS

# COLOURED GRANULES: STANDARD COLOURS

THE BIGGEST RANGE AND HIGHEST AVAILABILITY IN THE MARKET.

Motivation in sport, fun and leisure time, harmony at work - there are many good reasons why we produce granules in the most beautiful colours. As a leading producer of coloured synthetic granules for bounded flooring systems we have committed to first-class quality and maximum colour variety. Here you find our proven 28 standard colours:

The RAL shade specifications are non-binding approximations.  
With sensitive colours such as shades of grey and blue the use of an aliphatic binder is recommended.

# COLOURED GRANULES: SPECIAL COLOURS

UNLIMITED COLOUR RANGE. THE FREEDOM TO BE CREATIVE: EPDM GRANULES BY MELOS®.

In addition to 28 standard colours we deliver very individual special colours on request - for unique representative design options for both indoor and outdoor areas. High delivery capacity, flexible delivery service and high colour stability are further convincing advantages of the coloured EPDM granules for bounded floorings. Here you find 23 exemplary special colours:

The RAL shade specifications are non-binding approximations.  
With sensitive colours such as shades of grey and blue the use of an aliphatic binder is recommended.
