

hanit® RECTANGULAR PALISADE

Hollow profile

Whether for public or private sector construction projects, new builds or refurbishment and modernisation, hanit® palisades should be your first choice. Approximately 65% lighter than comparable concrete products, our palisades are cheaper to transport and can be installed without heavy equipment – especially useful on hard to access terrain.

Material:

hanit® Recycled Plastic

Surface:

Structured, grained

Version:

Various cross-sections and lengths
Bevelled palisade head

Advantages:

- Lighter than concrete
- More durable than wood
- Splinter-free
- No harmful impregnation agents used
- Flexible use
- Easy installation

Softer than concrete and hence perfectly suitable for playground installations due to low injury risk

Tested after Playground Guidelines (DIN EN 71-3)

Note:

Not all palisades are suitable for slope reinforcement. When in doubt, consult our sales staff.

- Grey
- Brown
- Black

REQUIREMENT OVERVIEW

12.0 x 16.0 cm

- » Required quantity (B1): approx. 6.3 per meter
- » Required quantity (B2): approx. 8.4 per meter

16.0 x 24.0 cm

- » Required quantity (B1): approx. 4.2 per meter
- » Required quantity (B2): approx. 6.3 per meter

CURVE CONSTRUCTION WITH RECTANGULAR PALISADES

Whether it is stairs, corners or curves - hanit® rectangular palisades offer you a large scope for individual design. Let your ideas flow free!
